

Blue Wireless & Data Teams Up With Rivercity To Provide Billing And Technical Support

Tuesday March 1, 10:00 am ET

DALLAS--(BUSINESS WIRE)--Mar. 1, 2005—Blue Wireless & Data, Inc. (OTCBB: BWDI) today announced that it has signed an agreement with RiverCity Internet Group, LLC that provides the Company with comprehensive technical and billing support around the clock. Under the agreement, RiverCity will handle tier 1 and tier 2 customer support issues, as well as provide billing support and services as an outsourced solution. RiverCity's services are integrated with their customer management software package, IntraISP, which Blue Wireless recently licensed and implemented in order to better manage its growing base of customers.

Blue Wireless & Data is a broadband service provider delivering high-speed wireless Internet access to residential customers and small to medium-sized businesses, as well as high-speed land based bandwidth from T1s to DS3s for enterprise-level solutions. For further information, visit www.bluewirelessdata.com.

RiverCity Internet Group (www.rcig.net) is an Internet Technology Services holding company. RCIG was founded in 2001 and invests in companies that are predominately focused on providing businesses with Internet products and services. In addition to traditional hosting and access services, RCIG offers software development, professional services and wholesale back office support services to xISPs, Web Hosting companies and Internet Telephony Service Providers (ITSP).
